Annual Letter 2020/21

Dear Maria

I am pleased to provide you with the Annual letter (2020/21) for Hywel Dda University Health Board.

This letter discusses information from a year unlike any other in recent memory, and as such may not be useful for establishing trends or patterns. Information received during this remarkable year will, however, bring insights on how Public Services reacted in the face of unprecedented demand and the most difficult of circumstances.

The impact of the Covid-19 pandemic has inevitably affected our ability to engage with the Health Board over the past 12 months. However, I am pleased to report that regular meetings have taken place remotely and the Health Board has continued to engage constructively with our office to identify areas of improvement.

During the past financial year, we have intervened in (upheld, settled or resolved at an early stage) the same proportion of complaints about public bodies, 20%, compared with 2019/20.

Last year, we saw a 22% reduction in new complaints relating to Health Boards – a predictable reduction given the circumstances of the year. However, my Office intervened slightly more frequently in complaints involving Health Boards, 33% compared to 31% in 2019/20.

During 2020/21, despite challenges caused by the pandemic, my office made great strides in progressing work related to Complaints Standards and Own Initiative Investigations. The theme and consultation period of the first wider Own

Initiative Investigation – into Local Authority Homelessness Assessments - was launched in September 2020 and the report is due in the coming months. We also commenced 4 extended Own Initiative Investigations, where we extended the scope of our work on a complaint already under investigation.

Last year, my office also pushed ahead with two new publications – ‘Our Findings’ and our first Equality Report.

‘Our Findings’ will be accessed via the PSOW website and replaces the quarterly casebooks. Our Findings will be updated more frequently and will be a more useful tool in sharing the outcomes of investigations. Our first Equality Report highlights the work done to improve equality and diversity, and to ensure that our service is available to people from all parts of society.

A summary of the complaints of maladministration/service failure received relating to your Health Board is attached.

I ask that the Health Board takes the following actions:

- Present my Annual Letter to the Board to assist Board members in their scrutiny of the Health Board’s complaints performance and their consideration of any actions to be taken as a result.
- Engage with my Complaints Standards work, accessing training for your staff and providing complaints data.
- Inform me of the outcome of the Health Board’s considerations and proposed actions on the above matters by 15 November.

This correspondence is copied to the Chief Executive of your Health Board and to your Contact Officer. Finally, a copy of all Annual Letters will be published on my website.

Yours sincerely,

Nick Bennett
Ombudsman

Information Sheet

Appendix A shows the number of complaints received by PSOW for all Health Boards in 2020/2021. These complaints are contextualised by the number of people each health board reportedly serves.

Appendix B shows the categorisation of each complaint received, and what proportion of received complaints represents for the Health Board.

Appendix C shows outcomes of the complaints which PSOW closed for the Health Board in 2020/2021. This table shows both the volume, and the proportion that each outcome represents for the Health Board.

Appendix D shows Intervention Rates for all Health Boards in 2020/2021. An intervention is categorised by either an upheld complaint (either public interest or non-public interest), an early resolution, or a voluntary settlement.
